Toxins are bombarding our systems from all sides!

We're exposed to more chemicals every day than any generation in history; up to 30% of Americans have sensitivities to chemicals! Over four and a half billion pounds of pesticides are used in America every year! Seventy-six million pounds are used in the home. Benzene, formaldehyde, and carcinogens from carpeting and dry cleaning affect our brains and our bodies. Repeated chemical exposures set off rampant free radical reactions, and allergic responses. Making the news today are complaints of environmental illness, sick building syndrome, Gulf War syndrome, high breast cancer rates in polluted areas, nerve damage, attention deficit disorder in children, and latex and insecticide allergies. These are just a few in a growing list. In the effort to keep us free from toxins, our bodies use up enormous amounts of essential nutrients that could have been used to keep us happy and healthy!

What are signs that my body is overdue for Crystal Star Toxin Detox™?

- Are you far more sensitive to odors like perfume and strong cleansers than most people?
- Do medications, vitamins or other supplements make you ill? Is your immune response low?
- Do you have small black spots along your gum line? Unusually bad breath or body odor?
- Do you have an unusually low tolerance for alcohol?
- Is your reaction time when driving noticeably worse in city traffic?
- Do you have unexplained seizures, memory failure or psychotic behavior?
- Have you become infertile or impotent?
- Do you experience mental sluggishness? Do you have learning and behavior disabilities?
- Do you get skin rashes? Chronic respiratory infections? Ringing in the ears? Nausea, diarrhea, chronic headaches?

Can Crystal Star Toxin Detox™ help safeguard my body?

Yes. This formula contains high antioxidant herbs, in the vitamin C blend and in the green tea extract, that help fight free radical damage related to toxin exposure. Seaweed, in the blend, can bind to metals and toxins in the GI tract and help eliminate them. Toxin Detox™ is not only for persons already affected by heavy metal poisoning, or who work with toxins on the job—like painters, or mechanics; Toxin Detox™ also addresses everyday detoxification needs, for everyday people exposed to the common contaminants in our modern world. The whole herbs in Crystal Star Toxin Detox™ help reduce chemical overload, and safeguard the essential nutrients in your body systems that keep you happy and healthy!*

about the herbs

Vitamin C blend: a potent antioxidant source against free radical damage; helps safeguard against heavy metal toxicity, environmental pollutants and early aging. — [Sea Buckthorn Berry (*Hippophae rhamnoides*); Bilberry Leaf (*Vaccinium myrtillus*); Amla Berry (*Emblca off.*); Hawthorn L/B/F (*Crataegus pinnatifida*)]

Seaweed blend: studies done at the McGill University reveal algin in seaweed can bind to radioactive particles, heavy metals, and other chemical pollutants in the intestinal tract, allowing them to be safely eliminated from the body. — [Kelp (*Ascophyllum nodosum*); Dulse (*Rhodomenia palmetta*); Bladderwrack (*Fucus vesiculosus*); Irish moss (*Chondrus c.*)]

Green Tea extract (*Camellia sinensis*): high in antioxidant polyphenols; boosts fat burning activity; a specific against carcinogens.

Licorice Root (*Glycyrrhiza glabra*): eliminates toxins; harmonizes the action of other herbs in the formula.

Bugleweed (*Lycopus virginicus*): helps reduce high thyroid symptoms like bulging eyes and racing heartbeat; may reduce TSH (thyroid-stimulating hormone), T4 (thyroxine), and helps inhibit the binding of antibodies to the thyroid gland.

Astragalus (*Astragalus membranaceus*): an excellent immune support herb to help recovery from chemo or radiation treatments.

Prickly Ash Bark (*Zanthoxylum americanum*): a circulatory stimulant; catalytic, enhances the effect of other herbs in the formula.

Barley Grass (*Hordeum vulgare*): helps neutralize heavy metals like mercury and pesticide toxins; contains the potent antioxidant isoflavone, 2-O-GIV, which experts believe accounts for its DNA repair success.

Apple Pectin: an excellent source of soluble fiber for accelerated toxin elimination.
